

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Feb. 22.—(Exclusive Dispatch.) Chicago weather today was moderate; minimum temperature, 5 above; maximum, 24. Alpena, 20; Bismarck, 2; Cairo, 40; Cheyenne, 50; Cincinnati, 35; Cleveland, 28; Concordia, 56; Davenport, 26; Denver, 58; Des Moines, 40; Detroit, 24; Dodge City, 58; Dubuque, 20; Duluth, 2; Edmond, 8 below; Escanaba, 14; Grand Rapids, 20; Green Bay, 14; Helena, 36; Huron, 18; Indianapolis, 34; Kansas City, 49; Marquette, 10; Milwaukee, 18; Minnesota, 12 below; Moorhead, 2 below; North Platte, 60; Omaha, 48; Rapid City, 38; St. Louis, 28; St. Paul, 8; Sault Ste. Marie, 6; Springfield, 11; 22; Springfield, Mo., 44; Wichita, 58.

WALKED IN—WALKED OUT.
(BY DIRECT WIRE TO THE TIMES.)
EL PASO (Tex.), Feb. 22.—(Exclusive Dispatch.) At midnight, six hundred striking railway employees of El Paso and Northwestern Railway went to work for twenty minutes at Alamo Gordo, N. M., last night, but they found that there had been a misunderstanding in the agreement and they walked out again. The Alamo Gordo and Sacramento Mountain Railway is also completely tied up. The strike service up this cloud-climbing range has been discontinued, except by wagons. The Rock Island service over this road is discontinued.

BRASS MEN'S APPRENTICES.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Feb. 22.—(Exclusive Dispatch.) The establishment of an apprentice system similar to that which, years ago, was condemned as "bonded slavery," is being sought by the metal polishers and brass molders. This would result if the agreement submitted by the union to the Chicago Brass Manufacturers' Association were accepted. Along with the apprentice demands, the union asks a 10 per cent. increase in wages, a "closed shop," and insists that a sympathetic strike shall be no violation of the contract. The members of the association, who employ 6000 men, declare they will not sign the agreement.

BRIEF NEWS ITEMS FROM THE WORLD.

(BY DIRECT WIRE TO THE TIMES.)

TOKIO, Feb. 22.—(Exclusive Dispatch.) Russian scouts are steadily advancing from the Yalu River. Six hundred have reached Sun Chin. The Empress has aroused popular enthusiasm by insisting that her bodyguard be reduced, and ordering officers to join their division.

JAPS MADE NO OBJECTION.
(BY DIRECT WIRE TO THE TIMES.)
PARIS, Feb. 22.—(Exclusive Dispatch.) The Ministry of the Marine denies that Japan made any objection to the stay of the Russian Mediterranean squadron at Jibuti, French Somaliland. Japan is supposed to have known the French maritime law fixes no limit to the period during which a warship of a belligerent power may remain in any French port, provided such warship does not take on board munitions of war.

FRENCH NEWS AGENCY'S PANIC.
(BY DIRECT WIRE TO THE TIMES.)
PARIS, Feb. 22.—(Exclusive Dispatch.) The grave financial panic which seized the Bourse Saturday is known now to have been caused by a deliberate and scandalous maneuver of a disreputable French news agency, acting in combination with a number of unscrupulous speculators.

CONCENTRATING SQUADRONS.
(BY DIRECT WIRE TO THE TIMES.)
HONGKONG, Feb. 22.—(Exclusive Dispatch.) The British squadron is concentrating here, while the corresponding French concentration is taking place at Saigon.

HANNA'S LAST LETTER.
(BY DIRECT WIRE TO THE TIMES.)
COLUMBUS, Feb. 22.—(Exclusive Dispatch.) Gov. Herrick made this statement today with reference to the selection of delegates to the Republican National Convention: "I can only quote from the last letter Senator Hanna wrote me: 'We must organize our full strength and choose Roosevelt delegates from among our friends.'"

RUSSIAN FINANCES DUBIOUS.
(BY DIRECT WIRE TO THE TIMES.)
COPENHAGEN, Feb. 22.—(Exclusive Dispatch.) Financiers of this country take a gloomy view of Russian finances. The Russian budget shows on paper a surplus of 20,000,000 roubles. In reality, there exists a deficiency of 200,000,000 roubles. Preparations are making to draw to the Russian treasury gold supplies in Finland.

JAPAN'S GREATER SUCCESS.
(BY DIRECT WIRE TO THE TIMES.)
CHEFOO, Feb. 22.—(Exclusive Dispatch.) A report has just been received which indicates that the Japanese success in the second torpedo attack on Port Arthur was greater than was first supposed. Torpedo boats sank or damaged two battleships, in addition to the torpedo boat scuttling at the entrance. The latter the Heribori sank as she was turning to leave.

MRS. HARRISON CONVALESCENT.
(BY DIRECT WIRE TO THE TIMES.)
INDIANAPOLIS, Feb. 22.—(Exclusive Dispatch.) Mrs. Mary Harrison, widow of Ex-President Harrison, has had a severe attack of the measles, but is now convalescent.

HOGNAT AND HIS DUEL.
(BY DIRECT WIRE TO THE TIMES.)
PARIS, Feb. 22.—(Exclusive Dispatch.) M. Roginat, who is making every effort to involve Charles M. Schwab in a duel, admits that he cannot fight the duel because of his \$25,000 being held by the mercantile trust, but he asserts that there is cause for

he no violation of the contract. The members of the association, who employ 6000 men, declare they will not sign the agreement.

TO CHANGE PEOPLE'S NAMES.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Feb. 22.—(Exclusive Dispatch.) P. S. Whitney, the uncle of Frank Coe, who, under the name of Edward Elgar or Relgar, was arrested in Washington today while trying to present a plan to change the President's name, says that Coe has been in the Ohio penitentiary and the Toledo insane asylum for shooting his wife four years ago. He formerly lived at Lima, O., but in his sleep he walked off a train and was injured, so that his mind was affected. When his mental condition became known, he was put in the detention hospital at Toledo. He apparently recovered and went to work at Springfield, O., where, about four years ago, he shot his wife and himself. He was confined in the penitentiary a year, but was transferred to the insane asylum at Toledo, from which he escaped and went to New York, since when he has not been heard from. His idea was that all the people should change their names. He called himself Edward Elgar at one time.

PENNSY AND SANTA FE.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Feb. 22.—(Exclusive Dispatch.) It is quite probable that in case the Vanderbilts secure control of the Alton, a strong effort will be made by the Pennsylvania to secure control, or at least, a large interest, in the Santa Fe system. Rumors have been current for several days that a large part of the \$50,000,000 which the Pennsylvania borrowed last week may go to acquire Santa Fe stocks, which, for months, have been well bought by Kuhn, Loeb & Company. It is this firm which floated the Pennsylvania loan.

LOCOMOTIVE BLOWN UP.
Three Men Killed and Two Fatally Injured in a Disaster at Ephraim, Pennsylvania.
(BY THE ASSOCIATED PRESS—P.M.)
JOHNSTOWN (Pa.), Feb. 22.—The blowing up of a Pennsylvania Railroad locomotive at Ephraim, ten miles east of this city, tonight, caused the death of three men and the probable fatal injury of two others. All were employees. The dead: HARRY TYSON, Engineer, of Dorry; JOHN GONZALEZ, conductor, of Dorry; GEORGE BICKER, track walker, of Summer Hill. The injured: ROBERT WENWICK, of Dorry, fireman; ELMER FURL, of Dorry, brakeman.

TURCO-BULGARIAN WAR.
LONDON, Feb. 22.—Telegrams from Vienna and Belgrade, published here this morning, give alarming but unconfirmed details of preparations pointing to a war between Turkey and Bulgaria. The Sofia correspondent of the Daily Mail telegraphs that the Bulgarian government has declared a state of siege over a zone nineteen miles wide, extending along the frontier from Kustendil to the Black Sea, with a view of preventing the incursions of armed

WAR NEWS AFTER MIDNIGHT.

SUMMARY OF THE NEWS.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Feb. 22.—(Exclusive Dispatch.) Russia has conveyed to China a direct official threat of war over the Manchurian incident. The Russian Minister at Peking has ordered the gunboat to stay at Shanghai.

Japanese raiders have broken the Siberian Railway. Russian generals are hampered by bad scouting. The first direct news from Vladivostok port shows conditions existing there since February 5. The Japanese knew of the impending declaration of war and fled.

France has defined her position against the Russian fleet at Jibuti. A dark picture is drawn of the Russian finances. A deficiency of 200,000,000 roubles appears. She will draw in the gold supplies of Finland.

A steamer has been permitted to enter Chemulpo, the first vessel since the battle there.

NO PASSING HER CANAL.
(BY DIRECT WIRE TO THE TIMES.)
BERLIN, Feb. 22.—(Exclusive Dispatch.) It is understood that Germany has informed all maritime powers of her intention not to allow the Kaiser Wilhelm Canal during the continuance of the war.

CHING PING FIRED UPON.
(BY THE ASSOCIATED PRESS—P.M.)
WEI HAI WEI, Feb. 22.—The British steamer Ching Ping, belonging to the Chinese Engineering and Mining Company of Shanghai, has arrived

here from Port Dalry, and reports that she also was fired upon by the Russians and was hit seven times around her water line.

A Russian pilot boat that was coming out of Port Dalry to pilot the Ching Ping was blown up by a mine.

RUSSIANS AT ANJU.
(BY THE ASSOCIATED PRESS—P.M.)
SEOUL, Feb. 22.—A telegram received here from a foreigner at Ping Yang says that the report that Russian scouts are at Anju is authentic. The telegram also says that the natives in Ping Yang are panic-stricken, but foreigners are not threatened.

PRINCE KHILKOFF OBSERVES.
(BY THE ASSOCIATED PRESS—P.M.)
ST. PETERSBURG, Feb. 22.—Prince Khilkoff, Minister of Railroad Communication, has proceeded for Manchuria from Irkutsk, after having seen that the railroad on the ice across Lake Baikal was laid. He was personally entrusted with \$250,000 to effect the expedition to the termination of this work. The Prince reports that the Siberian Railroad is able to move 3000 men a day to their destination, but that the transit from western points to the Far East will require six weeks.

KOREA WILL NOT EXHIBIT.
(BY THE ASSOCIATED PRESS—P.M.)
ST. LOUIS, Feb. 22.—Korea has withdrawn from participation in the Louisiana Purchase Exposition and has officially announced the termination of the exhibition to that effect. Official notification was received February 11, but it was not made public until tonight.

PORT ARTHUR IS NOW A NAVAL STRONGHOLD.

(BY THE ASSOCIATED PRESS—P.M.)

LONDON, Feb. 22.—(By Atlantic Cable.) The report that four Russian torpedo boats had been captured reached Nagasaki from Chefoo, and it adds that the Russian crews of the four torpedo boats have been transferred.

No other news of this nature has been received in London, but the Chefoo correspondent of the Morning Post, in a dispatch dated February 22, says the statement is current there that the Japanese torpedo-boat destroyers in the attack on Port Arthur, February 14, sunk or damaged two Russian battleships, in addition to the torpedo-boats already reported.

It is possible, therefore, that the report of the Telegraph's Nagasaki correspondent also refers to the earlier attack.

Viceroy Alexieff's retirement to Harbin is now an accomplished fact, and a correspondent of the Associated Press at Chefoo reports that the Russian naval stronghold is now strictly a naval stronghold and the forts are being manned by naval gunners. Only twenty foreigners are now at Port Arthur, and they are traders.

Some of them are under suspicion, and there is likelihood of their being arrested. There are many complaints of unwarranted arrests, unexplained extortions and defamations of character by the Port Arthur police.

The report that large bodies of Cossack and other troops are occupying Newchwang and Hsin Ming Tin are unfounded.

According to the Nagasaki correspondent of the Daily Telegraph the American squadron, the vessels of which are variously reported at Chefoo and Shanghai, is going to make a demonstration at the Yalu River.

Indefinite reports of the movements of troops in the vicinity of the Yalu River and statements of attempts to capture the Siberian Railroad are also published this morning.

The Wei-Hai-Wei correspondent of the Times describes a visit to Chemulpo, Korea, February 19, and the Japanese landing operations there, which he says demonstrate that the Japanese military organization is superior to that of European powers. A general Japanese advance along the Peking road to Yalu, Korea, the correspondent continues, is expected shortly. The original plan was to land at Masampo, but the naval successes enabled the Japanese to begin operations at Chemulpo, and a further advance to Chinampo is highly probable. As soon as the ice breaks up, troops will be established at Ping Yang in sufficient strength to guard against a sudden Russian descent.

It is while the Russian power of Russia at Vladivostok is intact, the Japanese will not attempt to land on the eastern coast of Korea. As an evidence of Japan's intention, it is reported that Japanese cruisers are busy patrolling toward the northwest of Korea, and that she is not landing artillery at Chemulpo.

Everything suggests an immediate dash for a strategic position in North Korea, and it is possible that the Russians are considerably further south than is supposed.

TROOP-MOVING CAPACITY.
RUSSIANS IN POOR SHAPE.
(BY THE ASSOCIATED PRESS—P.M.)
BERLIN, Feb. 22.—(By Atlantic Cable.) The Military Wochenblatt, the organ of the German General Staff, has published an article discussing Russia's prospects of reinforcing her army in East Asia. The paper takes a pessimistic view of the capacity of the Trans-Siberian Railroad, especially of the section crossing Lake Baikal, where it says the difficulties to be overcome are enormous. The limited capacity of the line is said to be a much more serious matter than the threatened damage to it by nature.

The paper estimates the present troop-moving capacity of the railroad from Russia's experience of last summer in moving two brigades to Tachien, east of Lake Baikal, which was only accomplished at the rate of eleven and a half miles an hour. At this rate it would take thirty-six days to convey 25,000 men from the Ural Mountains to Mukden or Vladivostok.

The paper assumes the present strength of the Russian army in East Asia to be 158,761 men, and upon

the foregoing estimate of time required to move troops, it declares it will take until April 29 for Russia to take the strength of her East Asiatic army to 223,000 men.

SURVEILLANCE JUSTIFIED.
RUSSIAN STUDENTS CASE.
(BY THE ASSOCIATED PRESS—P.M.)
BERLIN, Feb. 22.—(By Atlantic Cable.) The debate which began in the Reichstag January 19, regarding the police surveillance of Russian students in Germany was resumed today in the Prussian Diet, and the Prussian Minister of Justice, Dr. Schoenstedt, went at length into the allegations made in the Reichstag by Herr Haas (Social Democrat), Herr Babel, the Social leader in the Reichstag, and others. The Minister explained the action of the government in this matter so satisfactorily that the approval of the opposition speakers.

Dr. Schoenstedt gave a full statement of the reasons for the arrest of a number of Socialists at Koenigsburg, which had aroused such bitter denunciations from the Socialistic speakers in the Reichstag.

He said the State attorneys of East Prussia had long been warning the existence of a system of espionage and propaganda literature into Russia, and examination had resulted in finding extensive deposits of these pamphlets in various border towns. They succeeded in securing a number of these documents in the espionage and propaganda literature in the Reichstag.

Dr. Schoenstedt read a passage from one of the documents which he had read, and quoted the following phrase: "I prefer, however, that should not die by a bullet, but rather be reserved for the scaffold."

A search of houses where this literature was found brought out the fact that twelve to thirteen persons engaged in the espionage and propaganda literature and correspondence were seized under orders of the party managers.

Freiherr von Hammerstein, in his address, referred to a small book that had been seized which gave minute directions for the organizing of murder plots.

After the Minister of the Interior concluded, a few short addresses were made and every one expressed satisfaction with the government's statement. One speaker regretted that these explanations were not given in the Reichstag at once, and that the Socialistic charges there might have been broken.

WILL BE VERY EXPENSIVE.
PARIS, Feb. 22.—According to a report submitted in the Chamber of Deputies today by M. Buisson, Radical Socialist, the suppression of instruction in France by the religious orders will be very expensive, as this step will cost the State an annual expense of \$12,800,000, and an annual expense for teachers of \$1,300,000.

SONG QUEEN

IN CASTLE.

Mme. Blauvelt Reigns in One

Hundred Rooms.

Says Los Angeles is Rome,

Only More So.

Art and Humanity Charmingly

Combined in Her.

It fairly takes one's breath away!

Think of three persons holding sway in

more than 100 rooms, private dining-

rooms, private elevators, immense re-

ception halls and such.

This is the way Mme. Lillian Blau-

velt comes to Los Angeles—and this

isn't a "farewell tour," either!

Patti once had a suite of twenty

rooms—but Patti isn't on the map after

this.

And Blauvelt holds sway in the vast

establishment like the queen she is.

Mme. Blauvelt, her husband, Mr. Pen-

dleton, and Mrs. Tilton, accompan-

ies.

It was a good guest!

Pendleton is a handsome young fel-

low, and equally charming. Looking at

and talking with Mme. Blauvelt, it's

easy to see where he was right. Mrs.

Pendleton is also known as a woman of

large discernment.

"We're going to Redlands tomorrow,"

she said, "and then back here, for I

must see more of this place. But I am

quite satisfied to sit down in a park

with all this loveliness about me. She

didn't mean human nature, but that in-

terpretation, came easy.

And so this charming woman chatted

—pleased as a child over the little she

had been able to see of Southern Cali-

fornia, interested in everything that

pertains to the country, sending an af-

fectionate glance and a remark occa-

sionally to "Bully, dear" (that's Mr.

Pendleton), and always impressing

upon the visitor that Mme. Blauvelt as

a woman is doubtless vastly more in-

teresting and delightful than Mme.

Blauvelt as a singer—and this is cer-

tainly the highest tribute that could

be paid to her.

And she bids you good-bye as if she

sternly emphasized the "good" and

pleasantly emphasized the "good" and

pleasantly emphasized the "good" and

pleasantly emphasized the "good" and

pleasantly emphasized the "good" and

pleasantly emphasized the "good" and

pleasantly emphasized the "good" and

BISHOP HITS

TO THE SPOT.

Country's Strength Manhood,

Declares Conaty.

Chamber of Commerce Holds

Greatest Feast.

Governor Guest of Honor

Among Hundreds.

The Chamber of Commerce celebrated

the sixteenth anniversary of the or-

ganization with a great banquet last

night. It was by far the largest affair

of its kind ever given in this city.

More than 500 of the most influen-

tial men of Los Angeles participated

and the invited guests included the

Governor, Bishop Conaty, and other

notables.

In point of enthusiasm the banquet

was supreme. All the speakers were

generously applauded, and Bishop Con-

aty was accorded an ovation.

Thus, with patriotic songs and fitting

ceremonies, was also celebrated the

birthday of the Father of the Coun-

try, George Washington.

A fine menu was served, and the ges-

tatory part of the evening left nothing

to be desired. All the speeches were

fired with patriotic fervor, rich in pre-

sent and redolent of sunny skies, of

waving palms, and of the altar of

roses. They were eloquent, and stirred

the hearers to long-continued bursts of

applause.

Turnverein Hall underwent a trans-

formation. Across the stage was

thrown a flimsy curtain of pepper

branches. An opening in the center

revealed an old-fashioned well with an

old oaken bucket of gray tree moss.

Behind this curtain Abroad's Orchestra

rendered a charming musical pro-

gramme. The speakers' table was ar-

ranged in the form of a hollow square

near the stage, and from this point the

other tables stretched in long lines to

all parts of the hall. With their white

napery and glistening silver and glass

the tables presented an appetizing

sight. Above them and directly in the

center of the hall was a large cluster

of the fronds of the date palm sup-

ported in a jardiniere. At the four

corners of the main auditorium were

displayed large festoons of American

flags. Around the balcony and along

the walls were flags draped and fea-

toned, making the entire hall a regu-

lar bower of old glory.

Around the wall was a row of pointed

palms, and directly above them little

clusters of oranges. The table decora-

tions consisted of violets, roses, daffo-

dils and jonquils. Under the direction

of C. L. Wilson of the Decoration Com-

mittee the old hall was turned into a

place of beauty.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Charm for Women.

A striking group of illustrations of latest designs in outer garments for women has been arranged for exhibition at the Unique cloak and suit house, which will have its formal opening today and tomorrow at 344 South Broadway.

Big Enrollment.

The second session of the Methodist Conference chorus was held last evening. Nearly 400 voices have already been enrolled for the baton of Director Barnhart, and the outlook for the 600 desired by the committee is promising.

Stash Compositions.

Oiga Steeb, the talented little pianist, has written a musical setting for a poem by her sister Lily. These two small maids, with their diverse talents in the fields of literature and melody, bid fair to become a pair of song-writers some day.

Catholic Mission.

The Roman Catholic mission, which began in St. Vibiana's Cathedral Sunday, will be continued tonight in the Cathedral until the feast of St. Valentine, when it will be shifted to St. Vincent's Church. Rev. F. V. Nugent, C.M., is director of the mission, assisted by Rev. J. J. Murray, C.M., Rev. Morgan H. Morris, C.M., and Rev. Francis Mosher, C.M.

Whose Wheel is This?

Blaine White, a well-dressed young man, was arrested yesterday as a suspect while he was trying to sell a new bicycle, as to the possession of which he could give no satisfactory explanation. The bicycle is of Woolfe-American model, and the number had been stolen. It is believed to have been stolen, although the detectives have no description of it on their records.

Smith's Treasure.

J. V. Smith of this city has just become the owner of a rare violin, of Italian make. It was formerly in the possession of a talented German violinist, and is said to have been used at one time by Paganini. Smith claims great antiquity for his precious instrument. Its total value is yet an uncertain quantity, for it is not yet in Los Angeles, having been boxed up in New York for him by relatives. It will be sent here.

Midday Drunks Released.

In accordance with the tender-hearted custom of the police justices, Justice Chambers yesterday morning released fifteen drunks to be dismissed and go and sin no more. This custom of dismissing petty offenders without trial on the morning of holidays was not court is held, is one of long-standing. The justices figure that a man's family might be deprived of his company for a day, and the result of his conduct and for humanity's sake let him out.

Pickpockets Caught Twice.

Herbert D. Ayers of No. 1523 West Thirty-eighth street reported to the police that while he was at Eastlake Park and in the act of boarding a street car his pocket was picked of \$4. He did not discover his loss until he went to pay his fare, and then he found that he had no money. George Ward of Santa Ana reported yesterday that while he was in a crowd at Sixth and Main streets waiting for a Long Beach car, his pocket was picked of \$4 and some valuable papers.

Patriotic Entertainment.

A patriotic entertainment was given by the ladies of the English Lutheran Church last night, at the residence of H. L. Yerger, Ninth and Valencia streets. The house was elaborately decorated with flags and flowers and the large company was entertained with music and recitations. The program included a piano duet by Misses Genevieve and Ethel Webb, songs by Annie Row, George Yerger and Annie Powers, recitations by Cromer Wilkes, Rachel Monnette and Julia Monnette.

Calvary Baptists.

Calvary Baptist Church, Boye Heights, has entered upon a two-week series of meetings under Evangelist F. L. Norton of Long Beach. This congregation, making marked progress under the pastorate of William M. Walker, Jr., and has been worshipping in the small building intended eventually to be the Sunday-school room of the completed structure. The church is now building a chapel for a mission at Occidental Heights and also considering the commencement of its own larger structure.

Clash on the Ballroom.

Fred Stitt, one of the small boys engaged in corralling Hoeg's prize balloons by means of a target gun, on Main street, yesterday, was arrested for discharging firearms within the city limits. He stood on the roof of his father's house and popped the balloons as they floated his way. Many other boys were engaged in the same pastime, but it was Stitt's luck to be caught. Perhaps he was lucky enough to capture a good prize. He was released to the care of his father to appear in court tomorrow.

Attempted Safe-Break.

One of the crudest attempts at safe robbery was reported to the detectives yesterday by the officers of the Franklin Oil Company, whose plant is on the Santa Fe tracks near the southeastern corner of the city. This concern has been particularly unfortunate, although the company is said to have been profitable to those who invested in it. Twice the plant was destroyed by fire and a railroad wreck caused some damage, but this is the first time that burglars have tried to loot the place. Some time between Saturday night and Sunday morning burglars entered the company's office and attacked the safe. The thieves were not equipped with drills and explosives, but instead they used the crude implements which they had stolen from a railroad tool box. After many hours' work the burglars finally succeeded in forcing open the safe, but they found nothing except old receipts and other papers, but not even a postage stamp, copper cent or other thing of real value. So disgusted were the burglars that they wrecked the company's office, broke the desks and other furniture and scattered the papers all over the place.

BREVITIES.

W and H gold filled reading spectacles and spectacles at \$1.50. Warranted free with modern scientific instruments by graduate. State registered opticians. Prescription work at half the usual price. Clark's Jewelry and Optical Store, 351 S. Spring St., near 4th.

The public cordially invited to hear Rev. Robert J. Burdette at Young Women's Christian Association this evening 8 o'clock. Subject, "A Book to Read."

There are undelivered telegrams at the Postal Telegraph Cable Company for J. P. Hance, Arthur B. Mulvey, Los Angeles Steel Works.

Public exhibition of leather and wood novelties, jewel belts, opera bags, etc. Mrs. Hatch's studio, 825 S. Pike. Henry J. Kramer will form an adult beginners' dancing class Tuesday eve. March 1 at 7:30. References required. Don't miss concert of Mary Golden, soprano, Simpson Auditorium, March 1. Tickets, 75c, 50c, 25c, 313 S. Broadway.

SAN DIEGO.

MORE WATER AND CARS.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
SAN DIEGO, Feb. 22.—As a result of the visit here last week of John D. Spreckels it is announced the elaborate system undertaken by the Southern California Mountain Water Company, upon which work has been suspended two years, will be completed. The enterprise contemplates the storage of water at Morena dam and bringing it to this city for domestic and manufacturing purposes. It also announced that the first-street and D-street car lines will have ten-minute cars, instead of twenty minute.

ST. LOUIS MAN'S DEATH.

Peter Gerhart, a wealthy resident of St. Louis, died here today after an extended illness. He had spent many winters here. He leaves four sons in St. Louis, one of whom is en route to this city.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
THE TIMES in SAN DIEGO.—Sold regularly by Harry Grant, authorized agent, at No. 1205 C street, and by J. C. Packard, No. 501 Fifth street. Loring & Co., 510 Fifth street; Gray's Book Exchange, No. 1025 F street; No. 105 D street, and at the Hotel Robison.

CORONADO BEACH.

NOTES OF THE HOLIDAY.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
HOTEL DEL CORONADO, Feb. 22.—Two large Raymond-Whitcomb excursions arrived at the hotel yesterday, in charge of Carroll Hutchins and F. E. Hammond. They are from the Atlantic Coast, with the exception of a few Chicago and St. Louis people.

Mrs. Sweet, widow of the late Charles O. Sweet of Buffalo, is at the hotel for an indefinite stay, accompanied by the Misses Winfield F. Sweet, Miss Charlotte P. Sweet and Mrs. O. F. Dickie. At the hotel, Mrs. Stephens, Mrs. Hawley and Mrs. Long are the latest fad of guests. Long walks are the latest fad of guests. Long walks are the latest fad of guests.

Mrs. J. S. Sedam was the hostess of a tea yesterday, at which there were many guests. Late arrivals include Mrs. W. J. Dury of Montreal, N. J.; Mrs. E. B. Prindle, Miss Adele Prindle and Miss Eye of New York; George Holt, Chicago; Miss Holt, James G. McLaure, Mrs. McLaure, George Forest, Ill.; D. Wheeler and Mrs. Wheeler, Peter Busch, St. Louis, and party including Mr. and Mrs. Edward A. Faust and Mrs. Mary Kemp; Mrs. Seebree and Miss Mabel Seebree, New York; Walter Fairbanks, Denver, and Miss Ethel Fairbanks Smith, England.

Mrs. A. H. Sellers was the hostess yesterday of a driving party to Chula Vista. A luncheon was served at Casa Flores. The guests were: Mrs. J. S. Sedam, Mrs. Artemus Lamb, Mrs. J. S. Millon Durand, Mrs. Walter H. Dupont, Mrs. Hubbard Carpenter, Mrs. Russell B. McCoy and Miss Kenneth.

Mr. and Mrs. J. J. Tuffe were entertained at luncheon yesterday by Mr. and Mrs. C. L. Jenks of Evanston, Ill. The gentlemen devoted the day to golf at the links of the San Diego Country Club.

Paul Smith of Adirondack Hotel fame is again at the Nordhoff Place, having arrived Wednesday. Mr. and Mrs. Frederick I. Carpenter of Chicago have gone north for a week. Among the late arrivals in the college community are Mr. and Mrs. C. E. Blake, L. H. Blake and Mrs. William Hines and son.

DEATH RECORD.

THREE LIVES LOST IN STORM
Boston Schooner Goes Ashore at Seaview, Wash.
Three Lives Shot Tomorrow Her All Too Short.
Bad Cloudburst Hits Nevada Convicts Filled.

(BY THE ASSOCIATED PRESS—P.M.)
PORTLAND (Or) Feb. 22.—A special train from Astoria, Ore., arrived here today with the schooner P. W. Howland, which was wrecked on the beach at Seaview, Wash., on Sunday night. The schooner was carrying a cargo of railroad ties, was ashore at Seaview, Wash., a point on Long Beach, ten miles north of Cape Disappointment, this morning. She was in the breakers, with a heavy sea pounding her to pieces. Three lives were lost in the disaster to the little vessel and several of her crew inured.

Before the vessel was sighted shortly after 10 o'clock this morning by the observer at the North Head Lighthouse flying signals of distress. About an hour later the schooner was sighted and went on the beach at Seaview. As the craft hit the breakers she was forced around and struck the beach stem first. The schooner was in the breakers, with a heavy sea pounding her to pieces. Three lives were lost in the disaster to the little vessel and several of her crew inured.

PUBLISHERS OF

The Los Angeles Times

Daily, Weekly, Sunday, Vol. 46, No. 23. Founded Dec. 4, 1881. Twenty-third Year.
EVERY MORNING IN THE YEAR.

NEWS SERVICE—Full reports of the new Associated Press, covering the globe; from 12,000 to 15,000 words transmitted daily over more than 2,000 miles of leased wire.
TERMS—Daily and Sunday, including Magazine Section, 75 cents a month, or \$9.00 a year. Daily without Sunday, \$7.50 a year; Sunday, \$2.50; Magazine only, \$2.50; Weekly, \$1.50.

SWORN CIRCULATION—Daily net average for 1924, 18,000; for 1923, 19,250; for 1922, 20,181; for 1921, 20,728; for 1920, 22,774; for year ended September 30, 1920, 20,249; for eight months of 1924, daily average, 20,200 copies. Sunday circulation, 53,000 copies.

TELEPHONE—Counting Room, Subscription Department, Editorial Rooms, City Editor and Local News Room, Press 1.
AGENTS—Eastern Agents, Williams & Lawrence, Nos. 21-22 Tribune Building, New York; 27 Washington street, Chicago; Washington Bureau, at Post Building, where the latest copies of The Times may be consulted.

Offices: Times Building, First and Broadway.

Entered at the Los Angeles Postoffice for transmission as mail matter of the second class.

PRICE AND POSTAGE.

The following table shows the price of the Midwinter Number when sold at The Times office. The edition will be for sale at city news stands as well as out-of-town news agencies, wrapped ready for mailing. The postage will be 5 cents per copy, if news sheets are included, and 4 cents per copy without the news sheets.

AWAKE, AT LAST!

Judge Eric Gambrell of Dallas, Tex., quoted in a New York dispatch as declaring, "every Southern State will send a delegation to the St. Louis National Convention instructed to vote to remove the 16-to-1 silver platform from the Democratic platform. The Democrats," added Judge Gambrell, "have at last come to the conclusion that this is a dead issue."

This is a rather hard rap at W. J. Bryan, who is still asserting that free silver is a relevant and potent issue. Mr. Bryan has virtually announced his determination to see to it that the Democratic national platform of 1900, upon which he was so badly beaten, is readopted in the National Democratic Convention of 1924. If Mr. Bryan is still "set" on this idea, we shall see what he shall see. With every delegate from the Southern States instructed against the 16-to-1 fallacy, it looks as if Mr. Bryan were destined to have pretty hard sledding in order to make good.

If it be true, as Judge Gambrell declares, that the Democratic party has at last arrived at the conclusion that free-silver coinage is a dead issue, the fact is the most promising development of Democratic politics for nearly a decade. Some one has recently said that the Democratic party is dangerous as an opponent only when it is sane and sober. The statement is both epigrammatic and literally true. For the past eight years the Democratic party, under the Populist leadership of Bryan, has been in a condition that could not properly be designated as either sane or sober. In this condition of stupid irresponsibility and impotence, the Democratic party has been an easy prey for its more alert and politic opponent. If, now, it has at last awakened from its lethargy—which remains to be demonstrated—Republican will be obliged to put on their best fighting armor and wage a valiant fight if they expect to win the victory.

It remains to be seen how far Mr. Bryan, with his reactionary ideas and his stubborn clinging to discredited and defeated issues, will be able to control the action of the Democratic party of the nation in its coming convention. If he really had at heart the good of the party he would keep himself far from the convention. His insistence upon the reaffirmation of the Kansas City platform, if he can command a sufficient following to give that insistence appreciable weight, will seriously divide the party—and the party is not in a position at present to stand any serious division. From the republican standpoint, of course, the more Democratic divisions there are the better. But it is extremely poor politics for any party to play into the hands of its opponents.

GRIEF—AND RADIUM.
Because The Times exposed in a recent issue another of those get-rich-quick concerns operating in this city on radium-atic lines, a dweller in the city of San Diego—"Times Reader"—sends The Times a homily on the evil and altogether wrongness of mixing up and otherwise pitchblending so rare and valuable an element as radium with a get-rich-quick outfit. The exposure in The Times, to which our grief-stricken correspondent makes reference, was of a radium mine promoter who guaranteed the production of this new element in such prodigious quantities as would make Standard Oil dividends look like thirty cents compared with the dividends the stockholders in his company would receive. But here is the lachrymose outpouring of our radium-atic San Diego reader: "I read, with interest, the article in your Saturday's issue headed 'All Glitter Like Radium.' This article is of interest to me as, no doubt, it is to hundreds if not thousands of citizens of our State who are interested in radium, from a financial, scientific or medical standpoint. In all due respect to Lewis E. Aubrey, our highly-respected State mineralogist, I will say that I am just as positive that we have radium-bearing ore in San Diego county as I am positive that we have gold, silver and lithia-bearing ore. This has positively been proven by the most scientific demonstration known to chemistry and I have also positive proof of the existence of sim-

ilar ore or pitchblende which, has been discovered in the same other parts of our State. Now, Mr. Editor, as you well know, there was never a counterfeit which was not the successor of the genuine, and it is not going a little too far to give the whole State of California a black eye on her mineral wealth or product and honesty of purpose in order to strike at a few fraud promoters or a swindling firm of your city who attempted to float two million dollars' worth of worthless bonds? Could you not have warned the community against those swindlers without making the broad statement, permitting it to be made by Mr. Lewis E. Aubrey, that there was no pitchblende or other mineral produced in the State showing radium, when a number of our chemists, mineralogists and assayers have not only given their opinions but positive proof of its existence, not only in our State, but in the adjoining States.

"No one regrets more than the writer of this letter the misrepresentation of fake promoters, but when attempting to suppress such individuals or organizations I think you should be very careful not to endanger the reputation of our great State or leave the impression for the inference to be drawn that all promoters, dealers in mines and miners are frauds and swindlers."

There is a something in this communication that is very touching, particularly that portion of it supplicating for greater care in warning the community against swindlers without going to the extent of stating that there is "no such thing as pitchblende or other mineral in the State showing radium." This grief-laden appeal is altogether uncalled for. California is full of radium, everybody knows that, full to the bursting point; its woods are crum full of pitchblende, while its deserts overflow with hornblende, hornstones, and other blends too numerous to mention; of all of which San Diego has more than its rightful share.

TO OPPOSE INJUSTICE.
At Indianapolis, yesterday, assembled a notable gathering—the first annual convention of the Citizens' Industrial Association of America. Delegates were present from all sections of the United States, about 400 branch associations being represented. The sessions of the organization promise results of interest and importance in the industrial world.

It is a mistake to denounce this movement as a movement against labor. It is a movement directed against the abuses and the unjust aggressions of unionism, not against unionism in the abstract. The Citizens' Industrial Association does not bind its members to discriminate against members of trades unions, nor does it even recommend that it shall do so, except as a matter of virtual necessity. On the contrary, one of its articles of faith calls for no discrimination as between non-union and union labor, unless the unions themselves force such discrimination as a war measure. For this principle the organization stands fast.

To protect the non-union workman in the enjoyment of his guaranteed rights is one of the principal objects of the Citizens' Industrial Association. This purpose alone, if it had no other, would be a sufficient reason for its existence and maintenance; for upon this principle—the absolute right of every man to enjoy, without hindrance, the fruits of his labor—depends the integrity of the whole industrial fabric.

The Citizens' Industrial Association came into existence as a necessity of the industrial situation. Some organized power was necessary to oppose successfully the wrongful methods of mismanaged unionism. The growth and success of the organization has been far beyond the anticipations of those who initiated the movement. The beneficence of its achievements has already been made apparent in many of the strongholds of unionism. Its influence for good, in the future, promises to extend until it reaches practically all branches of industry, and there is a well-defined hope that through its efforts a practical and permanent solution of the so-called "labor problem" will yet be attained. The principal factor of this "problem," it should be added, was reduced to its simplest terms, is found to consist almost solely in the enforcement of law and the protection of individual rights.

A local contemporary, that has not yet learned the ropes in regard to Southwestern affairs, has worked up a brand-new telegraphic sensation regarding a great outbreak of the Yaqui in Sonora. When the contemporary has been here a little longer, it may learn that the manufacture of Yaqui war news is a regular, and among the profession well recognized, industry such headquarters as Tucson and El Paso and Guaymas.

The Sultan does not propose to be summarily dropped from the "in the public eye" column.

There is probably a great deal more going on in the Far East in the way of military and naval operations than is told of in the very meager and unsatisfactory dispatches that reach the outside world. Just now China's position seems to be becoming somewhat ticklish. If that country can be kept from becoming embroiled in the disturbance, considering the situation on the Manchurian frontier, it will be little short of miraculous. The conditions of things in the Orient is by no means reassuring, and the danger of complications increases, as time goes by. At least such are the signs of the times, but let us be thankful that all signs far in dry weather, and that the nations not yet actively engaged in hostilities in the Far East may be able to maintain that fine air of neutrality which is especially becoming to all concerned at this juncture.

Modern war is not only a terrible thing, but a terribly expensive thing. It has been stated that a first-class battleship can blow away a million dollars' worth of ammunition during a brief engagement. Also, a modern war is very expensive to the newspapers and newsmen's associations. The amount of money expended nowadays in gathering and disseminating war news would startle many people if it could be published. On the other hand, the war brings in big money to the cable companies, and the farmers, and the manufacturers of supplies, so that it is another case of "An ill wind that blows nobody any good."

One of the features of Los Angeles is the number of State societies in existence here. Los Angeles is, indeed, a most cosmopolitan city, containing representatives of every State and Territory in the Union, and of almost every country in the world. The New York State Society of Southern California is to have a grand "blowout" next Saturday evening, which will doubtless be a great success.

In The Times of Sunday were published, in one page, two reports of fatalities from the careless handling of guns by boys. Parents show little discretion in allowing their children to have such dangerous playthings, especially in or around a city. Moreover, the boys generally have the habit of practicing on useful and melodious birds.

The doors of the Senate will be closed during the consideration of the Panama Canal treaty today. As Senator Morison is down for another one of his speeches, it would seem that this is an entirely unnecessary procedure, unless it be to prevent Senators from escaping. There was a gruesome sight at Folsomville (Ill.) Sunday. During the preaching of the man's funeral sermon the body of the dead pastor stood in the pulpit. But it must not be supposed that this is the first time a "dead one" has occupied a similar position.

While the other nations are fighting, or preparing to take case of complications, the United States packing-houses are running overtime and making arrangements to supply the wants of the hungry soldiery, no matter what country they hail from.

A French baron wants to fight a duel with Charles M. Schwab, claimant of the latter has not only defamed him but also robbed him. The baron will find Mr. Schwab more at home with golden than with steel weapons.

An erudite scientist arises to explain that if a woman's life is to be long, the "pulses must beat with full force—some of them, or else, especially, the heart. That is an abstruse question of ethics which need not here be discussed.

The ballet diversions in "The Devil's Auction" as presented at the Mason last evening were very good, all of them, and the play was a novel, purely from the ballet point of view. Nothing phenomenal, but very good indeed, and the play was a novel, purely from the ballet point of view.

A New York newspaper soberly informs that the cherry is no longer an absolute necessity in a cocktail. To some this will remove all desire to indulge, and hence the advantage in omission.

If the annual observance of Washington's birthday is intended to inculcate a love of veracity in the breast of the modern American, there are times when one would be inclined to look upon it as a failure.

Of course war is a calamity, but with wheat at \$1.07 the American farmer feels that he can endure a great many such horrors, as long as they are visited in the present form.

Although the partisans deny that any damage has been sustained, it is confidently believed in conservative circles that Mr. Gorman's boom has been torpedoed and beached.

It appears to be true that modern inventions are destined to cause a greater amount of carnage in times of war. Just as the typewriter is doing in the Far East!

President Lynch, who for a time so blatantly declared he "had never lost a strike," appears to have claimed his voice since that little affair with the typewriters.

Now that the Pacific Coast has organized an independent theater managers' association, it is necessary to be expected to show its first signs of genuine alarm.

Japan readily agreed with Mr. Hay to a restriction of hostilities. It may not be many moons before she will be ready to agree to a still further restriction.

And now it is charged that the cats carry disease. Boil the cats.

WOULD INCORPORATE.

Garvarna Improvement Association is Working for Uniform Planting of Trees Along Streets.

The Garvarna Improvement Association proposes to incorporate. A meeting attended by 250 people was held at Scanton Hall last evening for that purpose. The objects of incorporation, chief of which is the adoption of uniform tree planting, were discussed by President W. I. Bacon, Melvin Mudge, G. W. E. Griffith, Carl G. Packard and Mrs. Catherine Wheat. There was a reading by Miss Wanda Davis.

Subscriptions for about 100 shares at \$10 each were received. It is said that that yield about one-half of the sum desired. It is intended to use the funds for planting trees and for caring for them. The Garvarna Association, which is a non-profit-making organization, is proposed for some of the streets.

Incorporation along the lines followed by the Highland Park Improvement Association, which is already incorporated, is favored.

No wonder the Japs seem to be winning all the victories.

THE PLAYHOUSES.

MASON OPERAHOUSE. "The Devil's Auction."

"The Devil's Auction" is not a drama to be chased with "Hamlet." Neither is it in the same category with "Zaza" and "Darshah." It is a play, and a good one. Although its title has a decided sinister sound, that is the only really wicked thing about it; unless, as some of us were a great deal younger, it is something extremely wicked and general. That is an abstruse question of ethics which need not here be discussed.

The ballet diversions in "The Devil's Auction" as presented at the Mason last evening were very good, all of them, and the play was a novel, purely from the ballet point of view. Nothing phenomenal, but very good indeed, and the play was a novel, purely from the ballet point of view.

Dalley, Mabel Fenton and heaven knows how many other top-liners in their cast, appear at the Grand in the newest Weberfelds production—"Hoop Dee Doo."

ORPHEUM. The bill put on at the Orpheum last night, which is to continue during the week, is unusually good, clean and clever from beginning to end. In fact, old patrons of the Orpheum are agreed that, as a whole, this is the best programme that has been seen in vaudeville here for months.

Billy Van, the erstwhile minstrel man, has stepped from the burnt-cork stage into white-faced vaudeville, doubtless with profit to himself and certainly to the pleasure of the public. He has a comedy sketch called "My Busy Day," in which, as a lawyer's office boy, he is simply uproarious. Rose Beaumont, a bright, vivacious actress, proves an able assistant in the sketch, and the thing goes off with a flourish.

Broadway. The Broadway Theater has a female impersonator this week who in many respects seems to be one of the best in the business. He is Walter Jones, and he has a better voice for his peculiar art than even Max Waldron, doubtless one of the most famous female impersonators.

Wilson and McCloskey present a vague comedy sketch entitled "Who's the Man?" The audience is still guessing at the finish, but evidently the feature intended to work in the women's impersonations of May Irwin and Margie Gline. She is a blonde goddess, with a "Trow His Down, McCloskey" voice that sends conviction home.

Defollis and VeLora present an act entitled "The Downfall of China." The audience is still guessing at the finish, but evidently the feature intended to work in the women's impersonations of May Irwin and Margie Gline. She is a blonde goddess, with a "Trow His Down, McCloskey" voice that sends conviction home.

MAKING AN ISSUE OF ROCKEFELLER

LINCOLN (Neb.) Feb. 21.—[Exclusive Dispatch.] John D. Rockefeller threatens to become a political issue in Nebraska. The whole State is divided over the acceptance of Rockefeller's gift of \$65,667 to the University of Nebraska. He offered it on condition that \$23,332 be raised in the State. All but \$5000 has been subscribed.

Meantime, intense feeling has developed over and against the acceptance of Rockefeller's money. Clubs, societies, churches and political parties have taken up the subject, and those who are against the acceptance of Rockefeller's money have adopted a
